Cultural Competency:

Cultural and linguistic competency is the ability to tailor the delivery of care to meet each individual’s social, cultural, and linguistic needs. Cultural Competency Training, as defined by the Centers for Medicare and Medicaid Services (CMS) means additional instructions for health care providers to help them better understand their patients’ backgrounds, values, and beliefs, and tailor the delivery of care to meet their social, cultural, and linguistic needs.

Have the staff in your office completed cultural competency training? Yes No

Accessibility:

The following provider types do not need to complete the accessibility portion of this questionnaire:

- Home Health
- Personal Care Assistance (PCA)
- Nursing Homes
- Home and Community Based Services (HCBS)
